Folks:

Thanks again for the great discussion on Thursday.

1. We are trying to set up a NWG meeting for the week of July 23rd.
2. We need to add some language to some of our documents per our discussion last Thursday (DEQ-12, the rule language, and our guidance). I plan to have that done Wednesday, so I will send all of that to you Wednesday COB. I will tie each document to the questions and points I captured on Thursday.

Thanks, George
